Financials Limited

# CORPORATE PROFILE

We offer foreign exchange advisory to organizations and clients in achieving enhanced profitability.

# About Us

We offer foreign exchange advisory to organizations and clients in achieving enhanced profitability.

As a UK based African focus firm with regional operations in Nigeria, Canada, Kenya and Rwanda, we specialize in delivering financial brokerage services.

## OUR CULTURE

- Promote the organization everywhere we go
- Reward performance & committed team members
- Over communicate the little details
- Never compromise on integrity
- Take employee welfare seriously
- Take ownership in all we do

## OUR VISION

Streamlining international payments for African businesses, simplifying cross-border transactions and accelerating their growth.

## OUR MISSION

Revolutionizing global commerce by empowering African businesses of all sizes to make and receive international payments seamlessly.

# Who We Are

We are a financial technology company simplifying cross border payments for African businesses. Our desire is to ensure companies can make payments to global suppliers and get paid anywhere.

As a leading Currency Exchange and B2B cross-border payments provider, we take pride in revolutionizing the way businesses navigate the intricate world of international finance. We are dedicated to providing unparalleled financial solutions that elevate your business to new heights.

Established with a vision to simplify international trades, we bring together cutting-edge technology, financial expertise, and a customer-centric approach to redefine the way businesses handle their cross-border payments.

# Our Solutions

## **Fund Management**

In fund management, crafting and overseeing an investment policy that mitigates loss while maximizing returns is essential. At Bluebulb, we excel in this arena, leveraging a vast array of financial asset classes to provide tailored services.

## **Investment**

We provide tailored investment solutions that meet your financial objectives. Bluebulb actively executes a multitude of investment transactions, ensuring a comprehensive and hands-on approach to meeting your financial objectives.

## **Cross-Border Payments**

Say goodbye to the complexities and delays associated with international transfers, and embrace a streamlined, efficient, and secure platform that puts you in control.

## **Foreign Exchange**

We provide expert guidance on forex transactions. Recognizing the critical role of consistent market research and global derivatives forecasting, we take the responsibility off your shoulders, ensuring a higher likelihood of success in your FX dealings.

## **Treasury Management**

Simplify your treasury management with us as we utilize advanced technology and dedicated support for your liquid assets. We offer effective treasury solutions and the personal touch of Relationship Managers who grasp the nuances of your business.
